Dear Housing Committee of the Oregon Legislature,
I hope this email finds you well.

The housing crisis has become an undeniable and overwhelming crisis. Most of the population of our society today can barely survive month to month. I believe prosperity and sustainability can be accessible to most people, however special interests have almost taken over everything including special developers and landlords. Applicatiin fees are an unreasonable step for individuals trying to survive that prevents people from improving their conditions. I believe for the sake of the interest of the public, application fees must be prohibited by law in 2025. I am asking you honorably to do so.

Thank you so much for your public service

Gratefully Yours,

Saleh Saqr Al-tamimi
