

Submitter: Rodney John Tombleson  
On Behalf Of: Self  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB2774

This seems like a completely meaningless piece of junk bill.  
Please delete more of such silly laws and stop making new ones.  
Who ever thought this junk up, should resign, and read the constitution.  
This is an embarrassment to the "pioneer state": OREGON.
