Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: SB179

Hi am the founder and head coach for Brave Endeavors MTB Skills and Strength Training. The mission of Brave Endeavors is to help women ride with more confidence and more fun. I've seen my insurance rates increase and it's been harder to find insurance coverage. Keeping trails open is vital to my small business!

I'd love to see the following be included in the bill as amendments:

- o Extend the increased level of immunity in Section 1 of the bill to private landowners who open their land to the public free of charge
- o Clarify more strongly that trails that serve dual purpose as both recreation and transportation facilities are covered under the law; address the problem of subjective intent
- o Include broader language like "conveyance" rather than the specific trail activities like walking, biking, and running currently spelled out in the "includes but is not limited to" recreational activities list

Thank you!
