

Submitter: William Macdonald
On Behalf Of: Motorsports
Committee: House Committee On Climate, Energy, and Environment
Measure, Appointment or Topic: HB2738

This is another assault on Motorsports using false data and political positions. We travel all over the western US spending thousands of dollars annually to participate in our chosen events in Motorsports. Your short sightedness and complete lack of facts for political favor will eliminate yet another location from the travels we and many other make and the dollars we spend in Oregon! Stop picking on the small community of racers to advance a now proven false agenda for your political gains. We can not change our race equipment, older vintage race bikes and cars, but we can stop spending our money in Oregon...Of course the sponsors of this political grandstanding bill probably like that... But hey if you want the current surroundings of Delta park to expand with drug abuse, theft and illegal encampments then I'm sure the local voters will take note as they did nationally not to long ago.
