On Behalf Of: Mr Oregon OPPOSES HB 3525
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water
Measure, Appointment or Topic: HB3525

I OPPOSE [HB 3525] as written.

***[HB 3525] is a good idea but Landlords should not be taking water samples to a laboratory for analysis of "contaminants," E.Coli / Fecal Coliform, Nitrates and Arsenic.

***To protect the Landlord from malicious Tenants and vice versa, the Landlord should pay the Accredited Environmental Laboratory to have a Laboratory Technician take the water samples and preserve the samples according to established protocols.
