

Submitter: Alan DeBoer  
On Behalf Of: Myself  
Committee: Joint Committee On Transportation  
Measure, Appointment or Topic: HB2642

My Dealerships currently do testing and it is easier on customers and does not create a concentration and lines at the station in Medford. I think the time has come to stop testing as Washington State did a few years ago. I would guess that we create more pollution around the sites that the State runs, create traffic congestion and unnecessary cost and time for our Citizens. Please just cut and stuff the bill to phase out the program. Alan DeBoer 541-944-1600
