Measure, Appointment or Topic: HB2738

Hello,

As a mom of two young children, I am deeply worried about the use of leaded fuel at Portland International Raceway. Lead exposure is incredibly harmful, especially for kids, and we need to act now to protect their health.

Most of the opposition to this bill comes from people who don't even live in our community. They pollute our neighborhood for sport, disregarding the well-being of the families who live here. We deserve a safe environment for our children to grow up in.

Please support this bill to ban leaded fuel and help make our neighborhood a safer place for everyone.

Thanks,
Shawna
Portland, OR
