

Submitter: Stanton Sittser

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2738

I'm a parent who wants my children engaged in productive activities in a safe environment where they can learn valuable skills.

That is exactly what they are able to do by participating in or attending racing events at Portland International Raceway.

If lawmakers take away safe, productive learning opportunities from young people, then they will end up doing stupid, dangerous unproductive alternatives like racing on the streets and endangering the general public. Please don't shut down this safe, supervised outlet for automotive enthusiasts!

Thank you,

Stanton Sittser
