

Submitter: Linea King

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2738

I am writing in support of HB 2738. My elderly parents and I live in St. John's and I was shocked to find that PIL uses lead in gasoline and is impacting the air we breathe and therefore our health and longevity. Also as a retired teacher from Cesar Chavez, I am horrified to think that we would continue to accept ongoing impact of lead on growing minds, in our environment.

Thank you for your time.

Linea King
