

Submitter: Crystal Ginger

On Behalf Of:

Committee: Senate Committee On Early Childhood and Behavioral Health

Measure, Appointment or Topic: SB692

My name is Crystal Ginger and I am a community member and an elementary afterschool teacher. I am writing today to express my strong support for Senate Bill 692, which will expand and strengthen Oregon's perinatal workforce.

Shamefully, maternal death rates (especially for minorities) are up in this country. This bill would support families from the very beginning. I work with many elementary school children across our city, and I can't think of much more positively impactful for our community than this bill. Support our children and their families with this bill.

Many thanks,
Crystal
