Committee: House Committee On Education
Measure, Appointment or Topic: HB2953

I OPPOSE [HB 2953]. When is Oregon going to pay off its' severe and disgraceful indebtedness?

I do not like the "New-Math calculations" treating School Districts unequally.

Again, the Legislature must move away from the GENERAL FUND for the expenditures to "The State School Fund."

Lottery proceeds reallocation from the budgets of other Departments is part of the solution to solving the problem.

Overzealous or downright corrupt School Districts over-rating the disability of students is another serious obstacle impeding funding allocations. Judiciary should comment on this issue.
