

Submitter: Janet Adkins

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB179

We are writing to urge you Committee's support of SB 179 related to "recreational immunity". We are long-time hikers (and of course taxpayers) and are concerned about the effect loss of immunity will have on continued accessibility, and on local government budgets. We appreciate your committee's work on the legal and practical aspects of the legislation and know that the statutory clarification will be helpful going forward.

Thanks,

Janet and George Adkins
