Subject: Support for HB 2554 – Social Work Licensure Compact

Dear Chair Nosse, Vice-Chair's Javadi and Nelson, and Members of the Committee,

My name is Daniel O'Connell, and I am a licensed social worker in Oregon. I am writing to express my strong support for House Bill 2554, which would allow Oregon to join the Social Work Licensure Compact.

I am originally from the UK where I practiced social work, had moved to California where I gained my masters, and ultimately reside in Oregon where I currently practice. I hold licenses in CA and OR, giving me some flexibility, but recognize the importance of our clients having accessibility to quality practitioners regardless of location. Having worked in different countries, within varying cultures, and now practicing across 2 states I can validate the 'transferability' of our core skills in service of clients; they will only benefit from removing the limitations we currently face as we attempt to meet the rising need for services.

Like many of my colleagues, I have witnessed firsthand the growing demand for social work services in our state. Burnout is at an all-time high, and we simply do not have enough social workers to meet the needs of all Oregonians. By joining the compact, we can help address this crisis by making it easier for qualified professionals to work in Oregon, reducing barriers to licensure, and expanding the social work workforce.

This bill would also provide much-needed relief for existing social workers by increasing our professional mobility. Many of us have family in other states or want

the flexibility to work across state lines through telehealth. HB 2554 would streamline this process and ensure that Oregon remains a competitive and attractive place for social workers.

I strongly urge you to support this legislation so that Oregon can take a crucial step toward addressing our social work shortage and improving access to care. Thank you for your time and consideration.

Sincerely,

Daniel James Keegan O'Connell, LCSW
