

Submitter: Emily Perry

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2738

PLEASE DO NOT SHUT THIS DOWN!! This has been such a big part of Portland for so long. Not only is it something that lot of people love to go to, it also brings in a lot of outside people to Portland which bring profit to near by hotels and businesses. This will not only be hurting PRI but the whole community.
