

Submitter: Matthew Graham

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB179

I am a paraglider pilot here in the state of Oregon. We fly cross country. We sometimes end up having to land out on private property due to changes in the wind. This measure protects Private landowners allows us to create relationships so people feel safe, allowing us to pursue our sport without this. It diminishes both the safety of our sport and the viability of it. I am very passionate about my Paragliding. I want to see it grow safely and with the community, thank you Matthew.
