

Submitter: Khiem Nguyen

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2738

This is an egregious over-stepping and completely unnecessary infringement on a classic American past time. The environmental impact is negligible and it's glaringly obvious that this is yet another land-grab attempt by developers to destroy the last remaining racetrack in the area.

If you don't like living next to a racetrack, don't buy a house there and then complain that there's a racetrack there.
