Measure, Appointment or Topic: HB2305

I've been living in housing thanks to Corvallis housing first this April will be 5 years and that time I was asked to be a board member and I serve that well along with keeping me community around me Corvallis Albany and other cities a prize of the epidemic that we really have that is homelessness now I realize we're working on an uphill battle here but I think that if this bill is passed it's going to be even more of a worse uphill battle here because some of these folks don't have the same kind of luxury that I do to be able to speak for themselves clearly or maybe there's another issue where they just can't be heard at all people like to shuffle them off to the side and say we'll get back to you and then they never do these people need people like me and my executive director for Corvallis housing first to be able to speak up for these people because they're in our community they're everywhere and it's not fair so I'm opposing this bill and I hope that you folks do the voting well understand that this is not the right way to go thank you
