Using the term National Guard without capitalization (national guard), is a nefarious effort to deceive the Citizenry, it changes the meaning of the terms, Militia and National Guard, twisting verbiage to your agenda by slight of hand. It points to a body of deceivers not what the People elect as a body of honest legislators about the business of drafting with an eye to what is in the best interests of the Citizenry, responsible bills. This is needlessly costly nonsense and an affront to the Tax Paying Citizenry who pay your wages. Under "Summary" 29-C who and by what measure determines why or for what purpose a Citizen trains in the use of firearms or tactics. Seriously, you can't be serious. This (I speculate) multi million dollar waste of the Tax Payers blood sweat and tears is an abomination foisted on the Citizenry by a body politic blinded by their own willful ignorance in support of national party and international agendas. Vote NO, obviously, on SB-947
