

Submitter: Dan Dowhower
On Behalf Of: Western Oregon University
Committee: Senate Committee On Education
Measure, Appointment or Topic: SB604

The Strong Start Program has made such an amazing difference for students who could not otherwise afford college. Now more than ever it is critical that we bring fresh thinkers, new perspectives, and the wisdom of students who take advantage of this grant to make a difference; especially, as we are facing the crisis being created at the federal level. Our students are hungry to learn and hungry to make a contribution to our community. Let them!
