

Submitter: Emily Webb

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: SB604

The Strong Start grant has made possible the Destination Western program at Western Oregon University, a program which has helped first generation college students in my community transition to campus life. It has had a significant and positive impact in their ability to succeed in college, and has opened up many opportunities for these students. I support SB 604 and urge tall members of the legislature to vote yes. Thank you.
