

Submitter: Brooke Nott

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: SB604

Strong Start is vital for connecting students to college, helping them transition to new environments, and stay in college. The whole state of OR needs to increase our graduation efforts and rates and this is one of the vital steps in doing so that in turn leads to a thriving economy (with more college graduates). I fully support Strong Start.
