

Submitter: Hilary Conway

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB2977

Here in Oregon, there are 294 at-risk species that are considered 'species of greatest conservation need'. Without proactive action, Oregon stands to lose our treasured natural heritage. Protecting wildlife and the environment are just one of the important tasks ahead of us as we battle climate change. We need to take care of the creatures that share the planet with us. We need to speak for them.
