

Submitter: Ellen Levno

On Behalf Of:

Committee: House Committee On Behavioral Health and Health  
Care

Measure, Appointment or Topic: HB3439

It is time to treat Naturopathic Physicians with the same respect as other Primary Care Providers. It is time for pay parity. I have heard the excuses for more than four years, and I am tired of listening to nonsense. Doctors are providing care in an equal fashion. It is time to pay them equally.
