

Submitter: Brian Jensvold

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SCR13

If this isn't the best example of "Let them eat cake" mentality, I don't know what is. Our democracy is crumbling, federal workers and social programs are being slashed, food prices are sky rocketing, home prices are still unsustainable to the majority Oregonians, and issue this legislature with a hard fought and won Democratic super majority chooses to tackle 1st is naming as Sate cut of cow?

Please withdraw this huge waste of time.
