

Submitter: Brian Jenvold

On Behalf Of:

Committee: House Committee On Rules

Measure, Appointment or Topic: HCR12

Is this what our representatives think their constituents need or care about right now?
Is this a more pressing issue than defending our democracy from fascism, sheltering
homeless, addressing the existential threat of global warming? In what world does
this issue deserve priority during a precious Democrat Super Majority than any of
those?

The bill is also a slap in the face of anyone with Celiac disease.
