Resources, and Water

Measure, Appointment or Topic: HB2977

Oregon has nearly 300 species that are at risk of extinction due to climate change and habitat loss.

Programs to help recover Oregon's vulnerable species have been underfunded.

That is why I support HB 2977. This small increase in the tourism tax will help help protect the landscapes and wildlife that make Oregon special.

Thank you for introducing this important bill and for supporting it.
