

**Dear Members of the House Committee on Agriculture, Land Use, Natural Resources, and Water,**

We, the undersigned, urge you to support HB 2977, a bill to secure long-term, dedicated funding to prevent the decline of Oregon’s most imperiled fish, wildlife, and habitats.

Oregon is an incredibly special place; home to a diverse array of flora, fauna, and the habitats that support them. Unfortunately, development, climate change, and other natural and human-made impacts put their future at risk.

There are nearly 300 species in Oregon at an elevated risk of extinction and 11 habitats of conservation concern. To combat this - and ensure all species thrive in Oregon - we need bold, proactive investments in their recovery.

HB 2977 would provide a steady, sustainable source of funds to the Oregon Department of Fish and Wildlife to recover Oregon’s most imperiled species and habitat and enhance biodiversity - all of which contribute to Oregon’s tourism and outdoor recreation economy.

Please support ‘1% for Wildlife’ by passing HB 2977 today.

Thank you.
