Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB2977

Hi I am a 7th grader at Cascades Academy writing to strongly support HB 2977. This is a really valuable bill that could support our environment and community in a really simple but powerful way. This is the least we can do for the exquisite environment that we get to enjoy as residents of Oregon. As a student who dreams of becoming a scientist I believe that this bill will help make sure that there will still be lots of wildlife to still research and share new information with the world. I hope that you will please consider supporting this bill because it will have a huge and powerful positive effect on our wildlife and community. Thank you for your time!
