

Submitter: Jessica Tosh

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: HB3062

A warehouse was allowed to be built across the street from our neighborhood high school in an area already plagued with air pollution. I wish stronger regulations and mapping would have already been in effect to prevent this building from being approved. Our neighborhoods and communities deserve to have healthy air and water and not have their wellbeing compromised for the profits of out of state business owners.
