

Submitter: SUSAN FAY
On Behalf Of: self
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB976

I would not trust the sedation and dental care of my herd of horses to a non-veterinarian. The risk of something going wrong is just too high. If a horse starts to tank in the middle of the dental, the vet has the know-how and drugs to effectively handle the situation and save the horse. Please keep this a task for the real professionals.
