

Submitter: Bonny Osburn

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB3435

As a school nutrition professional for the last 23 years, having the stigma of free meals taken away has increased participation at all levels. It is so nice to see the rise in participation for those who qualify for free meals now that they no longer stand out. Please keep free meals for all students going. Let's keep our kids nourished so they can learn!
