Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water

Measure, Appointment or Topic: HB2977

My two daughters and their families all live in and love Portland and Oregon. The girls live and work and one attended university there--Lewis and Clark! They love Portland and are very involved in the community.

My husband and I moved to Portland to be near our family there and fell in love with Portland as well...We are retired so enjoy the outdoors, the zoo, Arboretum, Forest and Washington Parks, Japanese Gardens and Chinese Garden...the Zoo and new baby Tula Tu.

We use the Max and trolleys often.

We hope to see Portland and Oregon support the land and save our natural resources for future generations.

Please be a good part of all our future.

Thank You for Listening and acting for the best future possible.
