Measure, Appointment or Topic: SB667

I support the efforts in SB667 to restrict the power of any Oregon Governor to deploy our local community into foreign unjust wars and/or military conflicts around the globe.

We could use the support securing our own Oregon borders from criminal elements that have targeted and savaged Oregonians through drug overdoses to sexual assault and murder.

Over the years we see corrupted Military Industrial Complex operators like VP Dick Cheney and President Bush that exploit military actions to profit personally with Haliburton gas and oil pipelines through the region of calculated invasion and devastation. (Iraq, Afghanistan, Syria)

Oregon National Guard was deployed into Afghanistan and they should never have been deployed. Lets not make these same mistakes again and shut down the legal option to send our community into global conflicts. period.

"Oregon Army National Guard soldiers have been deployed to Afghanistan, ranging from 9 months to more than a year. Some provided security in Afghanistan during the drawdown of troops. Others with an engineer battalion worked on soldier housing in Kuwait and U.S. military facilities in Kuwait, Jordan, Iraq and Afghanistan.[2]"
