Thank you for this opportunity to provide my comments.

I wish to support OWRD's budget providing current services levels. I would like to express support for 2 Package 090 additions: Governor Kotek's request for additional funds for water use tracking and reporting, which is so important, and investment to provide OWRD with legal support. I wish to urge you to reject Package 090 reductions related to data and services, particularly OWRDs water data toolkit. I support funds to modernize OWRD IT, namely package 107 and 11.

Thank you.
