

Submitter: Scott Winkenweder

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3336

I am writing in support of HB 3336 because America is a nation of LAW AND ORDER CAPITALISM. There must be rules to ensure that Oregonian citizens are not exploited or endangered by power grids which do not run efficiently or which are not optimized to minimize fires. Electric infrastructure is fundamental to commerce and settled life. REJECT the DEEP STATE CONSPIRATORS who would let energy companies waste MONEY and ENERGY!
