Thank you to house leadership and citizens of Oregon for hearing HB3095. I support HB 3095 for many reasons. Children need love and support from both parents wherever it is feasibly necessary for growth and development. I believe we should do what is best for the children and allow this bill into law automatically making shared equal custody in Oregon therefore eliminating child support when this occurs. Both parents share financial, medical and otherwise necessary housing etc while the children are with them. If HB 3095 is passed current parental or custody agreements should be allowed for review and modification. I would also reiterate taking account best interests for the children's safety and welfare. I am presenting this testimony in support of HB 3095. Regards P Cook Prineville OR
