

Submitter: David Alba  
On Behalf Of: Progressive Democrats of America - Oregon  
Chapter  
Committee: House Committee On Climate, Energy, and  
Environment  
Measure, Appointment or Topic: HB2410

Progressive Democrats of America, Oregon Chapter is opposed to HB 2410 because it would undermine the 1980 ballot measure precluding the construction of nuclear reactors in Oregon until a satisfactory method for disposal of the hazardous waste has been developed and because any demonstration project slated for Umatilla County should be subjected to a vote of the people of Oregon since Umatilla County is still within the state and any problems generated by the project would impact residents outside the county.
