Measure, Appointment SB641
or Topic:

I am a 7th generation Oregonian and descended from one of the 158 founders of Oregon, Reverend Ezra Fisher, who is recognized in the Senate Gallery.

It has become more difficult every year to run a business and to raise a family in Oregon. I have a 4 year old daughter who is an 8th generation Oregonian and I hope that she has an easier time in Oregon than I have. It has become extremely unfriendly to business here, particularly in the used car industry.

Allowing chinese interests to further erode our own citizens ability to thrive makes sense only to those who would dismantle my heritage out of spite for Americans and Oregonians.

Let's empower Oregonians instead.
