

Submitter: Robert Egnor
On Behalf Of: Citizens and Tax payers
Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB2342

I am against this measure because adding permitting and licensing costs to commercial fisheries is simply going to raise the costs on the backend for the people to buy goods and food. Oregon already has high costs for permits and already have some of the highest taxes in the nation. Full stop on the government overreaction, overreach and taxation to appease the wasteful government spenders. The government agencies need to better use the funding they have and stop relying on taxation to bail them out
