On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB427

Chair Golden, Vice Chair Nash, and Members of the Committee,

I support Senate Bill 427 to safeguard streamflows in water right transfers. Close the loop hole and prevent low water levels in stream that can hurt fish, impair water quality, and decrease scenic and recreation values.

As a resident of the Upper Deschutes, I know all too well the problems associated with low water levels. Please protect what natural resources we have left here in Oregon, so that we may all enjoy these resources into the future.

Sincerely,
Elisabeth
