On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3573

I am totally against the infringement of any kind of peoples privacy and water /land use rights. There is a reason why well water is not PAID to any city or state organization. It is natural water that we as a private resident have to take care of and keep up with maintenance and any issues that come about regarding its use. NO ONE helps us pay for any well maintenance, no one comes and checks on our equipment or when our wells dry up during the dry season, no one comes and delivers us water for FREE! We take on our responsibility for our own well water maintenance and pay for it, why should we pay extra when no one has come knocking on our doors to help with maintenance or bring our equipment up to date?! We already pay enough in taxes as it is!
