

Submitter: Kristin Larson

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3095

I have been a family law attorney in Oregon for the past 22 years. Much of my practice deals with custody and parenting time. We always look at these cases based on the best interest of the child. Often 'best interest' is to have equal time with both parents; but often it is not. These cases are very fact specific. I am concerned that creating a presumption will short circuit a true analysis of what is really best for each particular child.
