

Submitter: Andrew Ould

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB726

As a resident of Benton County and Corvallis, I am deeply concerned about the unchecked harmful health and environmental effects of methane gas emissions from the Coffin Butte landfill. EPA testing has shown that landfill management is not able to monitor harmful emissions from Coffin Butte, which is why I ask the Oregon Legislature to support and enact this bill — for this and future generations.
