Measure, Appointment or Topic: HB3573

This is horrible bill .. whether you have land for farming , commercial, or private the water that is on the land belongs to that landowner. Oregon keeps over reaching the citizens of the state to the point people are moving. We are taxed enough here everything is being taxed and this is so unconstitutional and with the Chevron order reversed this is also means this initiative is illegal. Please do not let this bill go thru . The future of Oregon is at stake . Please oppose!
