I adamantly OPPOSE this bill. It, in itself is spewing racism. 1. This is singling out African - American. What about other slaves of our past; Chinese and Irish? How is it appropriate for our current generation to pay for action of previous generations? For a party who constantly talks about equity, equality and to end racism, this is sure the opposite action. Lets put an end to division and special privileges to any demographic. Let's actually unite our society and restore respect.
