

Submitter: Robert Moxley

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB2342

Funding for the Oregon Department Of Fish and Wildlife is a crucial part of the process that supports outdoor recreational management opportunities throughout our state. This funding is mandatory to help support tens of thousands of jobs in our state, Private and state government jobs. These affiliated Jobs in our state all positively contribute to our overall economy. The state of Oregon's return on investment could be considered ten fold or in some cases priceless. Funding shortfalls have and could contribute to negative economic domino effects that end up costing even more to reconcile in the long run. As a third generation Oregonian and avid outdoor enthusiast I support and encourage the passage of HB 2342.

Best Regards

Robert Moxley
