RE: House Bill 2342

TO WHOM IT MAY CONCERN:

I am writing in support of House Bill 2342 that would allow ODFW to increase license fees in 2026 which would help maintain their current level of services with the cost of inflation since the last increase which was ten years ago.

I believe this increase in their current budget would help ODFW enhance fishery opportunities and invest in a more resilient system for the foreseeable future.

I completely support this bill and the future plans ODFW has to invest these funds.

Respectfully Submitted,

Mindie M Wilson
