To whom it may concern.

Good evening,

I'm writing to voice my oppositions to HB 3644 . As a Oregonian and a PCP for precinct 56 I can fully say we have no more wiggle room with out homeless problem. This doesn't solve the chronic homelessness problem. This out a very small bandage on a big problem. And in the process it leaves the most vulnerable exposed. We must actually solve the homeless issues and stop throwing away tax payers dollars. We are not solving the problem and no one wants this.

I urge legislators to take a serious look at making cuts to taxes and not adding more. I urge legislators to not let this go any further and come up with an actual plan.

Secondly, the people of this state should have the right to vote on such things as well.
