Regarding HB 3419-3 and HB 3573

We are a farming family that raises Red Angus cattle and we have a hay/haylage operation. My family came to Yoder from Norway 150 years ago. They logged and farmed the northern Willamette Valley. We are continuing our family tradition and will have another generation to continue our way of life. The state of Oregon needs to support small farms, not make it harder. We oppose the state of Oregon monitoring our wells. Instead of making it harder on small farms, support the state's small farm operations. Thank you.
