Committee: House Committee On Education

Measure, Appointment or Topic: HB3435

Please make meals for all students the permanent norm in Oregon schools. I've worked in schools for over 2 decades in various roles. I want to see students never have to worry about whether they have meals while at school. Many kids in our area have access to little or no food once they are at home. Please continue to make sure kids have access to 2 meals a day, so that they can focus on learning and playing while at school. I don't want them to worry feeling hungry, about where their next meal is coming from or if their cafeteria account is in the red.
